RE: Wholesale Distributor Accreditation Requirement Extension

Hello,

OptumRx is providing a response to your request for extension to our requirements related to sourcing of medications from accredited wholesale distributors. The information you provided satisfies our expectations to grant a TEMPORARY EXTENSION to the requirement through **August 31, 2018**.

You may utilize this notice to assure our contracted Network Pharmacy Providers that you are able to continue to act as a distributor to provide covered products through the date of the TEMPORARY EXTENSION noted above.

This is an interim extension that is only valid through the period of time indicated above. This will be the last extension offered. We will require an update from each wholesaler regarding your application status with NABP. Please send this to credentialing.contracting@optum.com

OptumRx maintains that our contracted Network Pharmacy Providers must source medications from an accredited source. This interim extension may be revoked at any time at the sole discretion of OptumRx.

Sincerely,

Optum, Provider Credentialing
